FRONT	H_PURPOSE2	<p>WHO USES THIS INFORMATION?</p> <p>This survey has a number of uses. The most important is the periodic revision of the Consumer Price Index. The Consumer Price Index provides cost of living and wage adjustments, social security payment adjustments, and helps determine the cost of school lunches.</p> <p>Government and private agencies use the data to study the welfare of particular segments of the population. Economic policy makers use the data to study the impact of policy changes in the welfare of different socioeconomic groups. Researchers use the data in a variety of studies, including those that focus on the spending behavior of different family types and historical spending trends.</p> <p>1. Continue with interview</p>	<1> [return to interview]
FRONT	H_PURPOSE3	<p>HOW IS THE DATA COLLECTED? HOW MANY TIMES WILL YOU BE INTERVIEWED?</p> <p>I will be here a short time today to ask a few questions about your household. I will also drop off your diaries. How long it will take to write your expenses each day depends on how many things you buy. Some days, you may have nothing to record, other days may have a lot to record. It averages out to about 15 minutes a day.</p> <p>After today, I will return in two weeks to pick up your completed diaries and ask a few final questions.</p> <p>1. Continue with interview</p>	<1> [return to interview]
