**(Note: As a result of problems implementing the 2010 Standard Occupational Classification, Employer Costs for Employee Compensation data for December 2013 and March 2014 contained errors in several occupational and industry series. The database and historical listings will be updated on September 10, 2014; this news release will not be corrected. For further information see [www.bls.gov/bls/ecec\\_correction\\_091014.htm](http://www.bls.gov/bls/ecec_correction_091014.htm).)**

## EMPLOYER COSTS FOR EMPLOYEE COMPENSATION – MARCH 2014

Employer costs for employee compensation averaged \$31.93 per hour worked in March 2014, the U.S. Bureau of Labor Statistics reported today. Wages and salaries averaged \$21.96 per hour worked and accounted for 68.8 percent of these costs, while benefits averaged \$9.97 and accounted for the remaining 31.2 percent. Total employer compensation costs for **private industry** workers averaged \$29.99 per hour worked in March 2014. Total employer compensation costs for **state and local government** workers averaged \$43.10 per hour worked in March 2014.

Employer Costs for Employee Compensation (ECEC), a product of the National Compensation Survey, measures employer costs for wages, salaries, and employee benefits for nonfarm private and state and local government workers.

**Chart 1. Employer costs for employee compensation per hour worked: total compensation, wages and salaries, and benefits by selected metropolitan area and U.S., private industry, March 2014**

**Chart 2. Employer costs for employee compensation per hour worked: health insurance benefit costs by establishment employment size, private industry, March 2014**

## Private industry

Private industry employer costs for **paid leave** averaged \$2.09 per hour worked (7.0 percent of total compensation), **supplemental pay** averaged 85 cents (2.8 percent), **insurance** benefits averaged \$2.50 (8.3 percent), **retirement and savings** averaged \$1.15 (3.8 percent), and **legally required benefits** averaged \$2.44 (8.1 percent). (See table A and table 5.)

## Metropolitan area costs in private industry

Total compensation, wages and salaries, and benefit costs in private industry are included in this release for 15 combined and metropolitan statistical areas (CSAs and MSAs). Total compensation costs for the 15 metropolitan areas ranged from \$45.93 per hour worked for the San Jose-San Francisco-Oakland, CA CSA, to \$24.10 hour worked in the Miami-Fort Lauderdale-Pompano Beach, FL MSA. (See chart 1 and table 15.)

## Health insurance costs in private industry

The average cost for **health insurance** benefits was \$2.36 per hour worked in **private industry** (7.9 percent of total compensation) in March 2014. In March 2004, employer costs for health benefits averaged \$1.53, or 6.6 percent of total compensation.

Among occupational groups, employer costs for health insurance benefits ranged from 85 cents per hour worked and 6.0 percent of total compensation for service workers, to \$3.52 and 6.7 percent of total compensation for management, professional, and related occupations. Among other occupational categories, employer costs for health benefits averaged \$2.08 (9.0 percent of total compensation) for sales and office occupations, lower than \$2.80 (8.5 percent) for natural resources, construction, and maintenance occupations, and \$2.72 (10.4 percent) for production, transportation, and material moving occupations. (See table 5.)

Employer costs for health insurance benefits were significantly higher for union workers, averaging \$5.54 per hour worked (12.6 percent of total compensation), than for nonunion workers, averaging \$2.04 (7.1 percent). (See table 5.)

In goods-producing industries, health insurance benefit costs were higher, at \$3.22 per hour worked (9.0 percent of total compensation), than in service-providing industries, at \$2.18 (7.6 percent). In goods-producing major industry groups, health insurance costs in construction averaged \$2.61 per hour worked, lower than manufacturing health costs at \$3.47 per hour worked. For service-providing major industries groups, health costs ranged from \$4.56 in information to 61 cents for leisure and hospitality. (See table 6.)

Health insurance benefit costs increased with establishment size for both average hourly dollar amount and as a proportion of total compensation. Establishments with 1-99 workers averaged \$1.65 per hour worked (6.6 percent of total compensation); those with 100-499 employees averaged \$2.61 (8.7 percent); and those with 500 or more employees averaged \$4.00 (9.1 percent). (See table 8 and chart 2.)

For information on health insurance provisions, see *National Compensation Survey: Employee Benefits in the United States, March 2013*, at [www.bls.gov/ncs/ebs/benefits/2013/benefits.htm](http://www.bls.gov/ncs/ebs/benefits/2013/benefits.htm).

**Table A. Relative importance of employer costs for employee compensation, March 2014**

<b>Compensation component</b>	<b>Civilian workers</b>	<b>Private industry</b>	<b>State and local government</b>
Wages and salaries	68.8%	69.9%	64.4%
Benefits	31.2	30.1	35.6
Paid leave	7.0	7.0	7.3
Supplemental pay	2.4	2.8	0.8
Insurance	9.1	8.3	11.9
Health	8.6	7.9	11.7
Retirement and savings	5.0	3.8	9.6
Defined benefit	3.1	1.7	8.8
Defined contribution	1.9	2.2	0.9
Legally required	7.7	8.1	6.0

**Employer Costs for Employee Compensation for June 2014 is scheduled to be released on Wednesday, September 10, 2014, at 10:00 a.m. (EDT).**

Employer Costs for Employee Compensation data on total compensation, wages and salaries, and benefits in private industry are produced annually in the March reference period for 15 metropolitan areas. For further information about metropolitan area ECEC estimates see: “BLS Introduces New Employer Costs for Employee Compensation Data for Private Industry Workers in 15 Metropolitan Areas,” at <http://www.bls.gov/opub/mlr/cwc/bls-introduces-new-employer-costs-for-employee-compensation-data-for-private-industry-workers-in-15-metropolitan-areas.pdf>.

Historical ECEC data are available in three listings, all available at [www.bls.gov/ect/#tables](http://www.bls.gov/ect/#tables). The earliest historical listing covers data for the March reference periods from 1986 to 2001. These data use the Standard Industrial Classification (SIC) and Census of Population occupational classification systems. A second listing contains data for the March, June, September, and December reference periods from March 2002 to December 2003. These data are also based on the SIC and Census of Population occupational classification systems. The most recent listing includes data from March 2004 to the current reference period. These are based on the North American Industry Classification System (NAICS) and Standard Occupational Classification (SOC) systems.

Supplemental tables with occupational, establishment size, and bargaining status series by industry group are available at [www.bls.gov/ncs/ect/sp/ecsuphst.pdf](http://www.bls.gov/ncs/ect/sp/ecsuphst.pdf) and [www.bls.gov/ncs/ect/sp/ecsuptc30.pdf](http://www.bls.gov/ncs/ect/sp/ecsuptc30.pdf).

Relative standard errors for all cost estimates in the most recent news release and supplementary tables are available at [www.bls.gov/ncs/ect/sp/ecsuprse.pdf](http://www.bls.gov/ncs/ect/sp/ecsuprse.pdf).

Information in this release will be made available to sensory impaired individuals upon request—Telephone: (202) 691-5200; Federal Relay Service: (800) 877-8339.

BLS news releases, including the ECEC, are available through an e-mail subscription service at: [www.bls.gov/bls/list.htm](http://www.bls.gov/bls/list.htm).

## TECHNICAL NOTE

Employer Costs for Employee Compensation (ECEC) measures the average cost to employers for wages and salaries and benefits per employee hour worked.

ECEC includes the civilian economy, which includes data from both private industry and state and local government. Excluded from private industry are the self-employed and farm and private household workers. Federal government workers are excluded from the public sector. The private industry series and the state and local government series provide data for the two sectors separately.

The cost levels for this quarter were collected from a probability sample of approximately 43,900 occupations selected from a sample of about 9,000 establishments in private industry and approximately 9,000 occupations from a sample of about 1,400 establishments in state and local government.

### Comparing private and public sector data

Compensation cost levels in state and local government should not be directly compared with levels in private industry. Differences between these sectors stem from factors such as variation in work activities and occupational structures. Manufacturing and sales, for example, make up a large part of private industry work activities but are rare in state and local government. Professional and administrative support occupations (including teachers) account for two-thirds of the state and local government workforce, compared with one-half of private industry.

### Introduction of 2010 Standard Occupational Classification (SOC)

Beginning in December 2013, Employer Costs for Employee Compensation estimates are based on 2010 SOC. No substantive changes occurred in occupational coverage for about 90 percent of the detailed occupations in the 2010 SOC. However the detailed occupation Registered Nurses, for which data are shown separately in this release, did undergo classification changes. For information about this and other changes see [www.bls.gov/soc](http://www.bls.gov/soc).

### ECEC quarterly publication focus

ECEC news releases are published quarterly, providing estimates on civilian, private industry, and state and local government cost per hour worked as well as additional detail on a specific compensation cost topic of interest. This quarter focuses on health benefits costs in private industry. Topics of news releases for the upcoming reference periods are as follows:

- June 2014—Retirement and savings benefit costs in private industry
- September 2014—Compensation costs in state and local government
- December 2014—Paid leave and legally required benefits costs in private industry

### ECEC detailed information and measures

For detailed information on the Employer Costs for Employee Compensation, see Chapter 8, “National Compensation Measures,” in the *BLS Handbook of Methods* at: [www.bls.gov/opub/hom/pdf/homch8.pdf](http://www.bls.gov/opub/hom/pdf/homch8.pdf).

<sup>1</sup> Includes workers in the private nonfarm economy excluding households and the public sector excluding the Federal government.

<sup>2</sup> Includes mining, construction, and manufacturing. The agriculture, forestry, farming, and hunting sector is excluded.

<sup>3</sup> Includes utilities; wholesale trade; retail trade; transportation and warehousing; information; finance and insurance; real estate and rental and leasing; professional and technical services; management of companies and enterprises; administrative and waste services; educational services; health care and social assistance; arts, entertainment and recreation; accommodation and food services; other services, except public administration; and

public administration.

<sup>4</sup> Includes premium pay for work in addition to the regular work schedule (such as overtime, weekends, and holidays).

<sup>5</sup> Cost per hour worked is \$0.01 or less.

<sup>6</sup> Less than .05 percent.

<sup>7</sup> Comprises the Old-Age, Survivors, and Disability Insurance (OASDI) program.

Note: The sum of individual items may not equal totals due to rounding.

<sup>1</sup> This table presents data for the three major occupational groups in State and local government: management, professional, and related occupations, including teachers; sales and office occupations, including clerical workers; and service occupations, including police and firefighters.

<sup>2</sup> Service-providing industries, which include health and educational services, employ a large part of the State and local government workforce.

<sup>3</sup> Includes premium pay for work in addition to the regular work schedule

(such as overtime, weekends, and holidays).

<sup>4</sup> Comprises the Old-Age, Survivors, and Disability Insurance (OASDI) program.

<sup>5</sup> Cost per hour worked is \$0.01 or less.

<sup>6</sup> Less than .05 percent.

Note: The sum of individual items may not equal totals due to rounding.

**Table 4. Employer costs per hour worked for employee compensation and costs as a percent of total compensation: State and local government workers, by occupational and industry group, March 2014**
