Resumption of Publication of Colorado Employment and Wage Data

On November 20, 2024, the Quarterly Census of Employment and Wages (QCEW) suspended publication of industry and substate data for Colorado due to data quality concerns. These quality concerns were due to ongoing issues with the modernization of the state's unemployment insurance (UI) system. The quality concerns with Colorado data have been sufficiently addressed to resume publication. On February 19, 2025, QCEW resumed publication of substate and industry employment and wage data for Colorado. For more information, see www.bls.gov/cew/notices/2025/resumption-of-publication-of-colorado-employment-and-wage-data.htm.

The County Employment and Wages release for fourth quarter 2024 is scheduled to be released on Wednesday, May 21, 2025, at 10:00 a.m. (ET).
